

Shoreline City Council Recap for September 2010:

At the Council's last meeting before the August recess, Robert L. Olander announced his retirement as City Manager for the City of Shoreline effective February 25, 2011. Mr. Olander has been with the City for nine years, four of those as City Manager, and has been in city government for the past 30 years.

One of the biggest decisions a City Council can make is choosing a city manager. The city manager is responsible for implementing the Council's policies and running the day-to-day business of the City. Over the next several months, the Council will work with the Prothman executive search firm to find the City's next City Manager. The Council anticipates naming a new City Manager by the end of January 2011.

Below is a recap of the Shoreline City Council's work for the month of September:
